

sense

Fresh from nature. Capture the essence of the Minnesota's Tamarack Larch Tree, a moisturizing extract sourced directly from its rich, nutrient-laden bark. Exceptional moisture retention for touch-ably soft hair and skin. Luxurious and unique, without being heavy-handed. Playful, yet refined.

This line contains the richest, creamiest, most high-performing products we offer, including a specialty soap that relies upon Tamarack Larch Tree bits to gently exfoliate while leaving skin smooth. The Sense Collection is specially formulated for properties that demand the best products.

THE SENSE COLLECTION

- Cartons are 100% recycled paper, treated with gloss-spot varnishes that showcase design and provide water resistance.
- Bottles are soft-touch HDPE with a ghost wood pattern and wide liquid-dispensing mouth.
- Shaped soaps invoke organic elements and can be used like a stress ball for relaxation.
